

CITY OF PORT COLBORNE
NEW PORT COLBORNE OPERATIONS CENTRE
NOTICE OF STUDY COMMENCEMENT AND
PUBLIC INFORMATION CENTRE NO.3

The City of Port Colborne has initiated a Class Environmental Assessment to complete a functional preliminary design for a New Operations Centre. The City of Port Colborne maintenance operations are currently carried out at two locations: the Central Operations Facility at 11 King Street and the Parks Division facility at the Port Colborne Arena at 52 West Side Road. The City of Port Colborne wish to examine options to meet current and future maintenance operations demands and to provide a working environment consistent with other City operations.

The study is being conducted in compliance with Schedule 'C' of the *Municipal Class Environmental Assessment* (October 2000 as amended June 2007), which is approved under the *Ontario Environmental Assessment Act*. A key component of the study will be consultation with interested stakeholders (public, landowners and regulatory agencies) at numerous times during the study.

The third and final Public Information Centre is being planned for:

Date: Tuesday November 17, 2009
Time: 6:00 p.m. to 8:00 p.m.
Location: Council Chambers
City of Port Colborne
66 Charlotte Street
Port Colborne, ON

Those attending the PIC will have an opportunity to meet with the Project Team, and review the preliminary design and location for the future operations centre. After the third Public Information Centre the Project Team will finalize the Environmental Study Report and file the report for the 30-day review period.

If you are unable to attend the PIC, but have comments or questions regarding the project; please contact either of the following:
