

PORT COLBORNE

The Region of Niagara is currently working on a water main project in the Pine St. and Highland Ave. area of the City. The work being done is on the Region's Trunk Water Main. The work is expected to continue for the next 4 to 6 weeks. During this time, residents in the area outlined on the map below may occasionally experience some discoloration or low water pressure. City and Regional staff will be working diligently to minimize these effects. Should discoloration occur for longer than 24 hours, please contact the Public Works Office at 905-835-5079.
