

## PORT COLBORNE

Thank you for your interest in the Port Colborne Grain Terminal.

The City is interested in unlocking the full potential of this significant asset given its important strategic location on Lake Erie and the Welland Canal. To that end, the City is seeking to secure a new tenant or owner who can achieve a new vision for the site to coincide with the expiry of the current lease on December 31<sup>st</sup>, 2024.

To support an open and transparent process related to the potential sale or lease of City assets, Council have directed staff to move forward with a public process to solicit proposals from all interested parties. Staff have prepared the attached Request for Expressions of Interest (REI) document, whereby EOIs are to be submitted to the City for consideration by no later than August 1<sup>st</sup>, 2024.

A guided tour of the facility is being offered for Thursday, July 11<sup>th</sup> at 2:00 p.m. for potential proponents. If you are interested in pursuing this opportunity, please RSVP with your proposed number of attendees and note that PPE is required.

If you have any questions, please reach out to one or both of us.

Thank you,
