

Public Notice

Watermain Replacement

January 27, 2025

Upcoming West Street watermain construction starting January 27

Where:	West Street, south of Sugarloaf St.
Who:	Residents located or passing through West Street may experience construction-related disturbances including noise. Any resident directly impacted will receive a letter from the city and contractor prior to construction.
When:	The construction of the West Street watermain will commence January 27 th with an anticipated completion date of February 28 th , 2025, weather depending.
What:	Peters Construction Group will be replacing the watermain on West Street, south of Sugarloaf Street. Water service disruption will be minimal but will occur during various stages of the project as the new watermain is connected to the existing network. Residents affected by the disturbances will be informed directly ahead of time via hand-delivered notices.
