**General Notes:**

- <sup>1</sup> Permit fee is \$/square foot, \$/linear foot, or \$ (flat rate).
- <sup>2</sup> Square foot is gross of all floors above grade measured from the outer face of exterior walls, unless noted otherwise. Mezzanines, lofts, habitable attics and dwelling units below grade are included as floor areas for permit fee calculations.
- <sup>3</sup> Where there is no floor or exterior walls for the project, square foot is the greatest horizontal area of the structure. For example, buildings or structures supported by posts or columns.
- <sup>4</sup> \$120.00 paid at time of application plus \$50.00 for each additional inspection in excess of one where the building is not ready for occupancy and which must be paid prior to issuance of Occupancy Permit.
- <sup>5</sup> There are no deductions from the gross floor area for openings such as stairs, elevators, shafts, etc.
- <sup>6</sup> Cellars, unfinished basements and crawl spaces are not used in the fee calculation for new construction.
- <sup>7</sup> Major occupancy is based upon the Ontario Building Code.
- <sup>8</sup> New construction and additions include plumbing, HVAC and all other regulated building services/components.
- <sup>9</sup> Minimum permit fee is \$120.00
- <sup>10</sup> Revision or amendment to an open permit is a minimum \$50.00 fee plus \$50.00 per hour of administration time.
- <sup>11</sup> For a Partial Permit, the percentage shown for the applicable stage of construction (minus the percentage for any previous Partial Permits) must be multiplied by the applicable permit application fee shown for new construction and then increased by a 50% administrative surcharge to obtain the required total fee for that stage.
- <sup>12</sup> If the work regulated by the permit cannot be described otherwise, the permit application fee shall be \$14.00 for each \$1,000.00 value of work proposed.
- <sup>13</sup> Houses in Special Categories and Alterations includes semi-detached, duplexes, triplexes, and townhouses.
- <sup>14</sup> See "Deposits Required for Permits" for applicable deposits.
- <sup>15</sup> The fee for a Conditional Permit is equal to the regular permit fee described above plus an additional administrative surcharge of 50% of the regular permit fee. If the Conditional Permit also happens to be a Partial Permit, the Partial Permit fee already increased by 50% must be increased by an additional 50% to obtain the required total fee.
- <sup>16</sup> A 50% reduction in the fees payable will be applicable to all properties that are located within the project area boundaries of the Olde Humberstone Main Street Community Improvement Plan, the Downtown Central Business District Community Improvement Plan, Brownfield Community Improvement Plan and East Waterfront Community Improvement Plan. No fee reduction will be applied where the 'Work Without Permit' fee is applicable.
- <sup>17</sup> Third Party Review of applications are undertaken at the discretion of the Chief Building Official and may be required for very large or complex developments. The Chief Building Official may require that the estimated or actual costs associated with the third party review be payable at any time prior to permit issuance.
